

Management of U18 International Students Policy and Procedures

Scope

This policy and procedures apply to international students under the age of 18, enrolled or seeking to enrol in a course of study at Oxford House College (OHC), together herein called OHC.

Purpose

The policy and procedures aim to:

- ensure the personal and social wellbeing of international students under the age of 18 (“U18 students”)
- outline how OHC takes responsibility for the accommodation, support and general welfare of U18 students covered under OHC’S Confirmation of Appropriate Accommodation and Welfare (CAAW) letter.

Policy Statements

- OHC is committed to appropriately managing international students under the age of 18 in accordance with the Education Services for Overseas Students (ESOS) Act 2000, Education Services for Overseas Students (ESOS) Regulations 2001, the National Code and relevant State and Territory Child Safety legislation.
- OHC does not admit students under the age of 13 and thus will not permit any student under 13 to be provided with homestay accommodation.
- OHC will provide U18 students under its CAAW:
 - appropriate accommodation, support and general welfare arrangements until another provider accepts responsibility for the student or the student leaves the country or turns 18
 - an age and culturally appropriate orientation program
 - access to services to assist U18 students in meeting course requirements, and
 - access to welfare-related support services as required.OHC will also implement its Critical Incident Policy and/or Mandatory reporting protocols where necessary to ensure the safety of an U18 student.
- OHC will regularly provide training to student services and support staff in the following areas:
 - ESOS Act, National code, and any state or territory guidelines e.g. VRQA guidelines
 - Child Safe Standards
 - OHC’s policies for supporting younger students including in emergency situations such as where critical incidents occur, and
 - OHC’s procedures and guidelines for verifying the appropriateness of a student’s accommodation based on the student’s age and needs. E.g. ensuring that all residents over 18 at a Homestay placement have evidence of a Working with Children Check (WWCC) and that there is a suitable, private bedroom for the student’s stay.
 - Training will be provided during staff induction and at least three times per year through staff meetings, specific training programmes and attendance at sector specific conferences.
- OHC requires all employees, including contractors to have a current and valid WWCC or the state equivalent, irrespective of whether they have access to U18 students. This includes ensuring that all residents over 18 within a Homestay placement have a WWCC.
- All approved Homestay families will be subject to ongoing monitoring and review by OHC.

Procedures

Welfare and accommodation arrangements

- In accordance with legislative requirements, all students under the age of 18 must be cared for by:
 1. A parent or legal guardian; or
 2. A responsible, suitable adult relative over 21 years of age nominated by the parents (Relative as defined by the Australian Government. *Refer to Department of Home Affairs website for further information*); or
 3. A Homestay placement nominated by OHC.
- Parents/legal custodians must nominate one of the three options above and advise OHC via its Care Provider Selection Form before OHC can issue a Confirmation of Enrolment (CoE).
- OHC will not permit any student under the age of 13 to be provided with homestay accommodation.

Note: The Department of Home Affairs (DHA) will not issue international students under the age of 18 a visa unless there is proof of appropriate arrangements for the student's accommodation, support and general welfare during their stay in Australia until they turn 18.

- All international students who are not being cared for by a parent, legal guardian or a nominated suitable relative must agree to live in OHC's approved accommodation and to be under OHC's welfare arrangements for either the duration of their stay in Australia or until the student turns 18, whichever happens first.
 - In such instances, OHC is required to confirm to DHA that appropriate arrangements are in place by completing a declaration called the Confirmation of Appropriate Accommodation and Welfare (CAAW), using the Department's pro forma letter available through PRISMS.
 - OHC approves the welfare of students who are enrolled in courses offered by OHC, for 7 days prior to the commencement date in the Confirmation of Enrolment (CoE) to 7 days after the completion date outlined in the student's CoE.
- The CAAW is submitted together with the student's CoE as part of the Student Visa application and is subject to approval by the DHA.
- If the student is being accompanied by their parent or guardian or if the student will live with a suitable adult relative, this requires the DHA's approval. As such an application for approval of care requirements must be made direct to DHA.
 - In this instance, OHC will issue the student with a CoE but not a CAAW – as the student will not be under OHC'S care. OHC may however request to review the following information about the proposed welfare arrangements before issuing a CoE, the:
 - ✓ identity of the family member who will be taking care of the student and demonstrable information about the relationship to the student
 - ✓ age of the proposed carer
 - ✓ student's parent/guardian's written approval for the nominated family member to provide accommodation and welfare arrangements
 - ✓ student's parent or legal guardian's proof of residency in Australia for the duration of the welfare period
 - ✓ proposed address at which the student will live and information about the suitability of the accommodation, or
 - ✓ any other information that reassures OHC that it is appropriate to issue a CoE, such as evidence of good character (e.g. a National Police Certificate).
- OHC may insist that care arrangements be provided by OHC if OHC is dissatisfied that the nominated carer meets the welfare requirements set by the DHA. This includes where full checks and documentation are not provided to OHC at the time a COE is requested.

Recruiting and Screening & and selection and monitoring of homestay accommodation

- Where a student and their parent(s) elect to be under OHC'S CAAW, OHC will ensure the student is placed in suitable accommodation, with due consideration to the student's age, need and preferences in relation to pets, dietary considerations, facilities, etc.
- OHC may contract Third Party Providers to assist in the identification of appropriate Homestay Host families. The role of the Third Party is limited to the identification and shortlisting of homestay families and to providing ongoing support to homestay providers, such as:
 - general advice on homestay requirements
 - general information on helping international students adjust to life in Australia.
- Where Third Party Providers provide OHC recommendations as to Homestay Host families, the Third Party Providers will ensure the following for each placement:
 - Evidence of an interview with proposed Host family that demonstrate their family arrangements, including proposed accommodation are appropriate to OHC'S students' age and needs
 - that there is evidence of WWCC for all residents over 18, and
 - verifying the WWCC is valid by checking it with the WWCC online check on a regular basis.
 - a separate suitable bedroom.
 - check personal identification
 - obtain referees to confirm suitability for child connected work
- OHC retains responsibility for approving, verifying and monitoring the accommodation of students on its CAAW. To this end, OHC will not delegate a site visit to determine suitability of student accommodation to Third Party Providers.
- Where a student is to stay at an OHC selected Homestay placement, OHC'S U18 Welfare Coordinator will undertake an initial visit to the proposed Homestay placement prior to the student's arrival, followed by periodic follow-up inspections of the student's living arrangements which will be undertaken at least every six (6) months, unless the homestay placement has been visited by OHC in the previous three (3) months in relation to another student.
- OHC will also ensure that the Homestay placement host has emergency contact details for OHC and contact details of the student's parent/guardian as well as guidelines for appropriately hosting an U18 student.
- There should be no gap in care arrangements between courses. So if the U18 student wishes to change accommodation arrangements while under OHC'S CAAW, the student will be required to gain OHC'S approval prior to any change occurring. Parental/ Legal guardian consent for the change will also be required.
- If OHC suspends or cancels the enrolment of the U18 student for whatever reason, OHC will continue to check and approve the welfare arrangements for that student until any of the following applies:
 - the student has verified, alternative welfare arrangements approved by another registered provider
 - care of the student by a parent or nominated relative is approved by Immigration
 - the student leaves Australia, or
 - OHC notifies the Australian government via PRISMS that it is no longer able to approve the student's welfare arrangements.
- If the student indicates they will not maintain arrangements that OHC is prepared to approve, OHC will report that it can no longer approve the arrangements for the student once all other attempts to assist the student to maintain appropriate arrangements have been exhausted.
- In cases where a student under 18 years of age transfers to OHC with welfare arrangements approved by another registered provider, OHC will:
 - negotiate the transfer date for welfare arrangements with the releasing registered provider to ensure there is no gap
 - inform the student of their visa obligation to maintain their current welfare arrangements until the transfer date, or have alternate welfare arrangements approved or return to their

home country until the new approved welfare arrangements take effect.

Student's arrival, orientation and support

- Travel arrangements between the U18s home country and the authorised accommodation in Australia are the responsibility of the parent/ legal custodian and may include airport reception where pre-organised with OHC (additional fees apply).
- All U18 students will have received information from OHC regarding 24/7 emergency numbers to contact if they have any concerns about their accommodation or any other matters prior to the day they start studying. The emergency contact will be the relevant Campus Director or a delegate who will be familiar with procedures in dealing with:
 - o Missed Airport pickup or for lost students.
 - o Problems at Homestay.
 - o Criminal acts requiring police intervention (Mandatory reporting).
 - o Providing assistance and reporting any incident or allegation involving actual or alleged sexual, physical or other abuse.
 - o Queries from agents and parents.
- At Orientation all under 18 students will be provided with a Student Safety Card. The Student Safety Card will include:
 - o The homestay accommodation provider's address, home and mobile telephone numbers (if the student is in homestay) OR the student's home address and family contact details
 - o OHC's contact details, including 24/7 emergency contact details
- At orientation, U18 students will be counselled as to the monitoring procedures in place for them including their rights and responsibilities when staying with Homestay families. Students will also be encouraged to give OHC regular feedback on their experience.
- While studying at OHC, students under 18 will be closely monitored by the Campus Director, Program Manager and the Homestay & U18 Welfare Coordinator to ensure that the young person's needs, both academic and personal, are being met.

U18 student monitoring

- Teachers will be informed if they have an U18 student attending their class.
- If the U18 student is absent from class the teacher is to report the absence by email to the Homestay & U18 Welfare Coordinator who will contact the student or their Homestay provider to obtain an explanation of the absence. If a student cannot be located for a prolonged period, OHC's Critical Incident Policy will be triggered and the student's parents or legal guardian, police and/ or state authorities notified.
- OHC will routinely interview students under the age of 18 to ensure that their specific individual needs are catered to.
- OHC will maintain notes regarding all student contact in the student's efile.
- Any potential concerns in relation to a student's safety that arise from routine interviews will be reported back for management review and remediation action taken accordingly.

Communication with parents/ legal guardians

- The parents/legal guardians of students will be advised of the U18 student's progress and behaviour through periodic reports.
- All official notices sent to the student will also be sent to the student's parent/ legal guardian. For instance, if OHC intends to cancel a student's enrolment for any reason, OHC will also notify the parent or legal guardian of the intent and provide reasonable support to the family to return the student home or to transfer the student into the care of another registered provider.

Mandatory Reporting and Critical Incidents

- All staff have a responsibility to report any harm that they know has occurred, or reasonably suspect is occurring or likely to occur to under age students. This process is called mandatory reporting. This includes mitigating risk where an U18 student may be exposed to neglect or physical, sexual or emotional abuse.
- Australian legislation protects the reporter's identity from disclosure. In addition, legislation provides that so long as the report is made in good faith, the reporter is not liable for the report in any civil, criminal or administrative proceeding.
- If a student goes missing from approved accommodation and cannot be contacted, for a period of 24 hours, the student's parents (and the student's agent where appropriate) should be informed and a missing person report filed with the police and relevant children's services agencies.
- Further, if the incident is classified as a Critical Incident then the Critical Incident Policy must be followed (Refer to Critical Incident Policy on OHC's website).

Record management

- All documents relating to an U18 student's care arrangements must be included in the student's eFile. This includes any changes to the student's details, parental or guardianship information or any other matter related to the student's welfare arrangements. OHC will ensure to notify DHA via PRISMS of any changes to an U18 student's accommodation or welfare arrangements, including where a student refuses to maintain OHC'S approved accommodation.
- Students' emergency details must also be routinely checked and updated in the student management system. At the very least OHC will seek written confirmation of a students' contact details, including emergency details every 6 months.
- All records of CAAW arrangements are to be kept for a period of 7 years.
